

On a bright, pleasantly warm March day, Lee Manor Community Gardeners enjoyed the first day of gardening this Spring. After cold, wet winter sessions that largely consisted of sweeping and maintenance it was really good to get planting again. Spinach and courgette seeds were sown in pots, ready for planting in our raised beds over the next few weeks. Home-produced leaf mulch was also mixed into several of the beds.

Membership Renewed

Membership of the Federation of City Farms and Community Gardens has been renewed until February 2016, and we have been able to obtain Public Liability Insurance for another year at modest cost. Many thanks to Ralph for arranging both these things.
