## Lee Manor Community Garden News

No. 9 April 2012

During the early spring there have been several gardening sessions at the Lee Manor community garden-thank you to everyone who has braved the weather to come along. In March, all the raised beds were prepared for the new year by enthusiastic gardeners who weeded and dug in well rotted farmyard manure. Then in April, thanks to funding by the LB Lewisham Mayor's Fund, strong gardeners installed and filled a new high raised bed ready for planting.

In mid-April during the seed sowing session, a great variety of seeds were sown by keen gardeners including kale, cabbage, carrots, parsnips, leek and peas and beans.
