

Blackheath and Lee Green Safer Neighbourhood's Team

A “ward” is a neighbourhood within your borough and the Police appreciate that you might not class your local community as Lewisham Borough and you might even cross into Greenwich, Bromley or Southwark Borough or even further to complete your local neighbourhood.

Each ward in London has a dedicated Safer Neighbourhood's Team. Each ward has a panel made up of members of the community who live or work within that ward. Your panel meets regularly to discuss the concerns facing your local community around crime and anti-social behaviour and sets the priorities the local police team will tackle. They also get involved in working with the police team and local partnership agencies such as the Council, to find lasting solutions to these priorities.

We are now appealing for members of the local community to join a text forum - the idea behind it is that you will receive texts telling you about local issues, ward panel priorities and updates, witness appeals if crime occurs, crime updates, local events, and police contact surgeries.

If you would be interested in receiving this text please send the message "opt in" to 07833 191 496. You will then be added to the text list and you will be kept updated on a regular basis. Please note this mobile number should not be used for any communication that might require an emergency response and you will be charged at your normal rate.

In an emergency you should **dial 999**, for all other calls to the Metropolitan Police Service please dial 0300 123 1212.
